DETAILED ACTION

Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- Claims 1 (in part formula (I)), 2, 7 (in part) and 8-13, drawn to compounds, classified in class 549, subclass 217+.
- II. Claims 1 (in part formula (II)), 3, 7 (in part) and 14, drawn to compounds, classified in class 549, subclass 217+.
- III. Claims 1 (in part formula (III)), 4, 7 (in part) and 15, drawn to compounds, classified in class 549, subclass 217+.
- IV. Claims 1 (in part formula (IV)), 5, 7 (in part), 16 and 19 are, drawn to compounds, classified in class 549, subclass 512+.
- V. Claims 1 (in part formula (V)), 6, 7 (in part) and 17 are, drawn to compounds, classified in class 549, subclass 512+.
- VI. Claims 1 (in part formula (VI)), 7 (in part) and 18 are, drawn to compounds, classified in class 549, subclass 512+.

The inventions are distinct, each from the other because of the following reasons:

Groups I-VI are drawn to six distinct diepoxide compounds as demonstrated by the six different formulae. Each group of invention is capable of supporting their own patents and thus distinct. The Examiner is required to conduct a commercial data base search in addition to the class and subclass search on each of the groups which is quite burdensome.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

A telephone call was made to Bernd W. Sandt on 12/12/05 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to E. Sackey whose telephone number is (571) 272-0704. The examiner can normally be reached on Monday-Friday from 7:30 am to 4:30 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Joseph K. McKane, can be reached on (571) 272-0699. The fax phone number for this Group is (571) 273-8300.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the Group receptionist whose telephone number is

(571) 272-1600.
